

1. Upload your track to Google Drive:

Locate your file and click on the three dots (more options).
Choose "Share" from the dropdown menu.

2. Set General Access:

Under "General access," set it to "Anyone with the link" and "Viewer."
Click "Copy Link" to get the shareable link.

3. Extract the File ID:

You will see a link like this: "https://drive.google.com/file/d/13s1pwgpWZAbpwYgaFa_MgdxiKGOILCtX/view?usp=sharing".
Copy only the value after "/d," for example, "13s1pwgpWZAbpwYgaFa_MgdxiKGOILCtX".
Paste this value where needed.
